

Why does Financial Intelligence software work for you?

**Honorable Debbie Baxter,
Montgomery County Clerk**

"We made the decision to make a software change in 2013. We wanted to find a company to provide new payroll, accounts payable, and general ledger software specifically designed for County government. Our goal was to be more efficient with the different options provided by the software while keeping our costs down...we have succeeded. We remain impressed with the training and ongoing support we have received."

**Honorable Larry C. Davis,
